

Surface Pro 4

The tablet that can replace your laptop

Surface Pro 4 is ultrathin, fast and versatile, the perfect balance of portability and power. With 6th generation Intel Core processors and up to 1TB of storage, it's built to run professional-grade software. And the PixelSense Display has stunning colour and contrast that comes to life with Surface Pen and touch.

A desktop, when you want it. Freedom when you need it.

Simply connect your Surface Pro 4 to Surface Dock and use up to two high-resolution monitors, a full keyboard, mouse and any other accessories. The built-in Kickstand lets your screen rest at almost any angle – even while docked – so your Surface Pro 4 works great at your desk, on your lap or when you're on-the-go.

Sketch, write and erase naturally, on your screen.

Easily organise your ideas with Surface Pen and Windows Ink. Now you can quickly turn your thoughts into action in Windows Ink workspace. You're just a click away from the best inking features on your Surface, like sticky notes, a blank page for sketching or a quick screenshot you can mark-up and share.

Runs Windows, Office and professional-grade software.

Collaborate with your colleagues with the full power of the latest Microsoft Office Suite³, including Outlook, Word, PowerPoint, Excel and OneNote. Log in to your Surface with enterprise-grade facial recognition technology, giving each member of your family their own secured profile. Plus, Windows stays up to date giving you the latest protection and features.
